

It's no blues, If you don't feel the pain
It's no blues
If you don't feel the pain
It ain't blues
If you have something to gain

It's no blues
If the sun is shining
It ain't blues
If there is no whining

It's no blues
If you don't feel the pain
It ain't blues
If you have something to gain

The blues is dark
The blues is bad
A good blues
Makes you sad

If you broke all your strings
And your new ukulele
Got a few big dings
Then the time is right
To give up your fight
And write the blues
Live the blues

The blues is dark
The blues is bad
A good blues
Makes you sad

It's no blues
If the sun is shining
It ain't blues
If there is no whining

The blues is dark
The blues is bad
A good blues
Makes you sad

Just mess around with D7 and E7
