

Ode to my brother

D A Bm
My brother was an artist
G C
Who liked showing
G C D
the industrialized side of the world
F D
How humans changed it
G A
with things like bus stops,
D C
flats and railways
G A Bm
Beauty captured in a frame
F D
His art was
G A Bm
Down to earth and from the heart

D A Em
His life was too short and I
 D C G
don't know why he left us so soon
F D
His vision of the world is
C F A
in the artwork he created

D A Bm
Will I see you again
G C
on the other side
G C D
Did you believe in heaven
F D
I don't know how or why
G A
and if I'll see you again
D C
But the memories
G A Bm
Are still captured in a frame
G A Bm
The memory of my brother
G A Bm
The memory of my brother
